

KID PAYO WILL BOX R. ROGERS

Fast El Paso Feather is Matched With Infantry Mixer at Columbus.

Plans for a busy campaign, during which they will meet all of the south-western featherweight contenders, are being made by the two Payo boys, Gene and Clip, who are training daily in anticipation of some fast contests. The first fight to be engaged in by one of the members of the brotherly firm will be held at Columbus, N. M., on Thanksgiving day, when Clip will go up against Rabbit Rogers, the tough 25th Infantry crack, who to date has won every engagement. Rogers will outweigh Payo by about ten pounds, but as the little overseas prize is confident of the outcome of the contest, he is willing to give away a few pounds in weight.

Gene has issued a challenge to Benny Krusik, conqueror of Ralph Lisciani at Tucson recently, and is anxious to meet Benny Chavez, Nick Slucky or any other boxer in the southwest at present.

High Church League schedule for tonight follows:

7:30, First Presbyterians vs. Central Baptists.

8:00, Trinity Methodists vs. First Baptists.

8:30, Cathedral vs. Mexican Methodists.

9:00, Westminster Presbyterians vs. First Methodists.

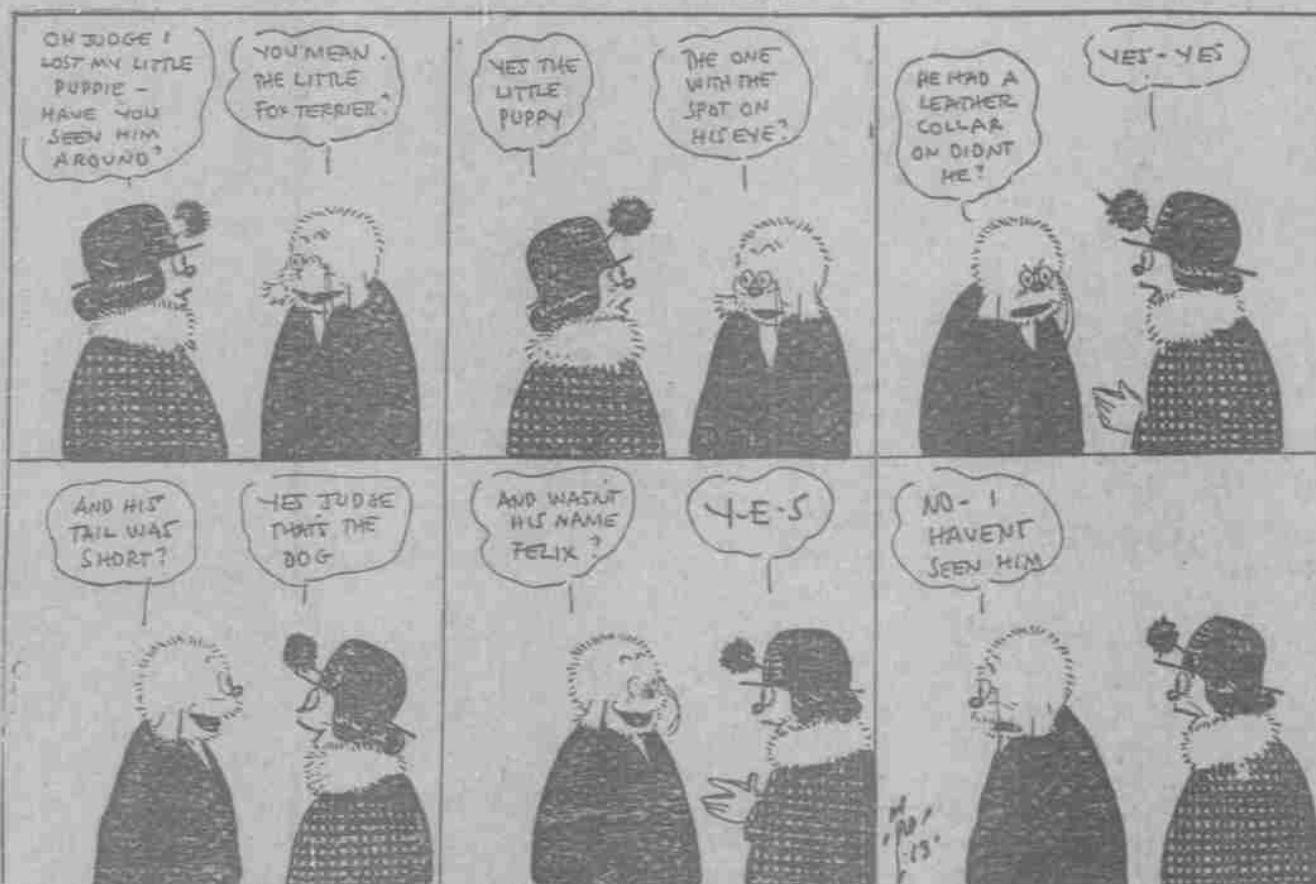

9:30, St. Paul vs. First Christians.

An angry crowd chasing the referee of a soccer contest from the grounds at Twentieth street and Avenue A, is said to be a regular scene.

Because Mike O'Dowd refuses to meet Jeff Smith, the latter's manager, Al Lippe, says the boxing game is going to be a joke.

Football Games

NEW HAVEN, Conn., Nov. 15.—Yale and Princeton clashed this afternoon in one of the great gridiron classics of the season. Despite the splendid showing of the Orange and

Black against Harvard last week and the ordinary record of Yale in its early season games, the supporters of old Eli were giving odds of five to four in the early betting.

One of the interesting features of the game is the playing of two brothers against each other in the same position. Captain Tim Callahan, Yale's senior, had as his opponent his brother "Mike" the Princeton pivot. Mrs. Callahan, mother of the two stars, came from her home in Lawrence, Mass. to see her sons in battle. Her seat was in the Yale section. The probable lineup:

Yale	Position	Princeton
Tale	LT	Davis
Dickens	LT	Keck
Acosta	LG	Salant
Callahan (C)	C	Callahan
Galt	RG	McGrath (C)
Walker	RT	Sliger
Atlas	RE	Williams
Kempston	QB	Stratton
J. M. Newell	LT	Trimbale
Lay	RB	Whitmer
Braden	FB	Garity

Iowa and Chicago.

Chicago, Ill., Nov. 15.—Iowa and Chicago today had a very close battle for the Hawkeyes' renewal efforts to take a football game from Chicago since 1914, unsuccessful feat. So evenly matched were the teams regarded that few followers of the game would hazard a forecast of the final.

The probable lineup follows:

Iowa	Position	Chicago
Charlton	LT	Forbes
Block	LT	Jackson
Hazleman	LG	Penny
Baltz	center	Reiter
Kaufman	RG	McGuire
Slater	RT	Higgins

Madison, Wis., Nov. 15.—Madison today entertained hundreds of visitors for the winter conference, head-line football contest between Wisconsin and the undefeated Ohio State eleven. That Wisconsin is a team of power has been proven and football men generally felt that the Buckeyes faced a hard battle.

The probable lineup follows:

Ohio State	Position	Wisconsin
Meyers	LT	Weston
Huffman	LT	Brader
Staley	LG	Hunter
Holtkamp	C	Carpenter
Trott	RG	Scott

Nebraska and Kansas.

Lincoln, Neb., Nov. 15.—Nebraska field was in perfect condition and ideal weather conditions prevailed for the football game here this afternoon between the University of Nebraska and the University of Kansas.

Practice Putting on WEED TIRE CHAINS in the Garage

It only takes a few moments to attach them when you know how. No jack required. Study the directions. Practice makes perfect. No danger of injury to tires.

THE careful driver regularly gives his car "the once over" every few days before he takes it out of the garage. He gives a turn or two to the grease cups—tests out the brakes, sees that there is a sufficient supply of oil, water and gasoline and that the batteries are in good condition, etc. By so doing he is assured, barring accidents, that he will have no trouble on the road. But—

HOW few there are that pay the slightest attention to the proper method of attaching Weed Tire Chains

Rain comes on, the road and pavements suddenly become slippery and treacherous—the car slips or skids—the Weed Chains, carried in nearly every tool box, are hauled out and a hundred to one the driver has only a hazy idea how to attach them. He fumbles around, gets hot under the collar and falsely accuses them of being a nuisance.

Women drivers are very numerous nowadays. They are driving out into the country over all sorts of roads—they surely need protection against the dangerous skid. How many of them know how to put on Weed Chains? Have you ever instructed your wife, your sister or your daughter.

The directions for attaching Weed Chains are simple yet most important. Avoid

annoyances on the road—learn how easy it is to put them on correctly—practice in the garage and give the women instruction. It will amply repay you in security, satisfaction and comfort.

Printed instructions for attaching Weed Chains are packed in every bag—if you desire a copy write us and we will gladly mail it to you.

Weed Chains are also made to meet the demand for an efficient traction and anti-skid device for trucks equipped with single and dual solid tires or with the very large pneumatic tires. They are so constructed that they satisfactorily meet the requirements of heavy track service in mud, sand or snow.

Aoy And Vilas Teams Play Draw

In a fast game, featured by good dribbling and excellent team work, the Aoy school and the Vilas school played a scoreless tie Friday afternoon. The game was fast and strenuous at all times, but especially during the last five minutes when both teams fought their hardest. Good dribbling by Rodriguez, captain of the Aoy team, was a feature of the game. Miss Pauline Smith of the Vilas school, acted as timekeeper. Park Bishop, of the Y. M. C. A., officiated as referee.

Following is the lineup of both teams:

Vilas	Position	Aoy
Waterhouse	goal	Manley

Calpin	wing	Arundel

300,000 Maxwells

How they created a demand for the Post-War Maxwell that cannot be fulfilled

THERE is a demand for the Post-War Maxwell that eight great plants cannot fill. More than 40,000 persons who set their minds on having one will have to go without.

The cause for this is due largely to the magnificent performance of the 300,000 previous Maxwells.

They delivered such excellent mileage at such low cost that the great American public learned to know this car.

This unprecedented demand is evidence of its deep rooted appreciation. Then when the Post-War Maxwell came out, with its score or more of refinements and improvements developed during the war, the demand for Maxwell reached a new peak.

100,000 are being built during the current year. 40,000 more readily could be marketed.

Thousands are priding themselves on possessing one of these Post-War models; thousands more will have their hopes filled; thousands will have to go without.

Which class will you be in?
